Professional Summary

Computer Science Engineering graduate passionate about building intelligent systems and delivering impactful solutions across cloud and frontend engineering. Full-time Cloud Associate at ZopDev with hands-on experience in AI automation, cloud systems, and scalable system development. Strong foundation in Java, OOP, and modern web technologies, including React. Knowledge of Cloud Infrastructure, Deployment Pipelines, and CI/CD workflows for building production-ready applications.

Technical Skills

Programming Languages: Java (Core Java, OOPS), Frontend Technologies (HTML/CSS), React

AI & Automation: User research, product discovery, competitive analysis, roadmap thinking

Tools & Platforms: Git, GitHub, Vercel, VS Code, IntelliJ IDEA, Google Colab, Google AI Studio, Remotion

Cloud/DevOps: Cloud Infrastructure, Deployment Pipelines, CI/CD, GitHub

Experience

Cloud Associate *ZopDev*

2025 – Present

- Contributed to product positioning and client-facing discovery conversations for a B2B cloud cost optimization SaaS.
- Collaborated on building scalable solutions for real-world business problems using modern cloud services.
- Built end-to-end content automation pipelines integrating AI tools to scale blog, and newsletter production across multiple distribution channels.
- Design and implement AI automation workflows for scalable and production-ready systems.
- Contributed to internal tools and automation workflows to improve development efficiency.

Projects

Hosteller's Emporium

GitHub [↗](#)

- Developed an e-commerce platform exclusively for hostel and university students to buy and sell products within the campus.
- Contributed as a Front-End Developer and UX/UI Designer.

Competitor Intelligence Dashboard

Live [↗](#) | GitHub [↗](#)

- Developed an AI-driven automated competitor monitoring dashboard tracking 23+ competitor blogs and news sources.
- Integrated Google News RSS, Reddit JSON API, and RSS feeds for real-time competitor data aggregation.
- Built GitHub Actions CI/CD pipeline with scheduled cron jobs (4x daily) for automated data updates.
- Implemented real-time intelligence feed with categorized keyword presets for targeted lead discovery.

LinkedIn Research Assistant

Live [↗](#) | GitHub [↗](#)

- Integrated BrightData API and Google Search for automated decision-maker discovery.
- Implemented ICP similarity scoring with pagination, region-based filtering, and complexity analysis reducing manual errors.
- Built a full-stack lead discovery tool with a database of 273+ cloud companies and ICP matching.
- Deployed on GitHub Pages with full source code and documentation.

InkGen : AI Content Engine

Live [↗](#) | GitHub [↗](#)

- **Sole owner of the Content Engine** : drove it from concept to production, powering structured content authoring, publishing, and distribution workflows for ZopDev.
- Modular pipeline generating multi-format ebooks, blogs, and social assets and set up automated build and deployment pipelines for reliable, production-ready content delivery

Education

Chitkara University – B.E. Computer Science Engineering

2022 – 2026

DAV Public School, New Shimla – Senior Secondary (CBSE)

2020 – 2022

DAV Public School, New Shimla – Secondary (CBSE)

2020

Certifications

- **Google Analytics** – Google
- **Product Ideation, Design, and Management** – Coursera
- **Cloud, Data Engineering and DevOps** – Coursera

Soft Skills

Communication – Clear and effective communicator across technical and non-technical teams · **Team Collaboration** – Works well in cross-functional teams, pair programming, and code reviews · **Adaptability** – Quick learner who adapts to new technologies, frameworks, and workflows · **Time Management** – Prioritizes tasks effectively to meet deadlines in fast-paced environments · **Self-Motivation** – Proactive in learning and contributing to open source

Industry Engagement

- **Represented ZopDev at Bengaluru Tech Summit 2025**, participating in the 3-day summit held on 18–20 November 2025, where we showcased our solutions and engaged with industry leaders.
- **Represented Zopnight by ZopDev at India Digital Summit 2026 – AI Zone.**
